

# The Amazing Social & Economic Impact of Habitat in Henderson County

**\$1 Invested in Habitat = \$90.36 SROI\***

*\*Social benefits & costs saved*

Research demonstrates the multiple social and economic benefits of homeownership gained by both homeowners and the community. Since 1989, Henderson County Habitat for Humanity has helped hundreds of lower-income families in Henderson County realize and sustain their own American Dream, while generating and supporting measurable social and economic change in our community.
